📄 Valid German residence permit with work authorization — immediately available

Profile

Experienced Full-Stack Developer specializing in modern frontend technologies (React, Next.js, React Native) with solid backend expertise (Node.js, Express, PostgreSQL, SQL). Proven track record building scalable web applications, mobile apps, and data-driven system architectures within agile team environments. Following relocation to Essen, now certified at German C1 level and immediately available for the job market.

CORE COMPETENCIES

- **Frontend Architecture:** React, Next.js (SSR/SSG), React Native – scalable & component-based
- **Backend Development:** Node.js, Express, REST API design, database architecture (PostgreSQL, MySQL, MongoDB)
- **TypeScript & JavaScript:** strong typing, clean codebase, reusability
- **Testing:** Mocha, Jasmine, Artillery (server testing) – unit and integration tests
- **UI/UX Implementation:** MUI, Tailwind CSS, Bootstrap – pixel-perfect implementation of Figma designs
- **Performance Optimization:** lazy loading, memoization, code splitting
- **CI/CD & Version Control:** Git, GitHub, GitLab, GitHub Actions
- **State Management:** Context API, component-based state management

Professional Experience

- | | |
|---|-------------------------------------|
| Relocation to Essen & Intensive German Course (C1) | 08/2025 – Present
Essen, Germany |
| <ul style="list-style-type: none">• Full-time language course at a language school in Essen, completed with a C1 certificate (04.2026)• In parallel: Generative AI training (Udemy, 2026) and further training in Next.js/TypeScript• In parallel: continued development of the Beauty Management Platform (React Native app, currently being finalized) | |
| Freelance Developer | 09/2024 – 08/2025
tunis, remote |
| <ul style="list-style-type: none">• Independently developed the frontend of a travel platform for a travel agency in Tunisia (project “MhTravel,” Next.js/React/Node.js/MySQL)• In parallel: built a Beauty Management Platform (Next.js admin dashboard + React Native app)• In parallel: intensive German language study (B2 → C1) in preparation for relocation to Germany | |
| Full-Stack Developer, TuniDesign | 11/2023 – 09/2024
Tunis, Tunisia |
| <ul style="list-style-type: none">• Converted complex Figma designs into responsive React applications.• Built and maintained a legal-services platform for lawyers..• Developed planning and search features to improve user workflow.. | |

React Developer, Tunisian Red Crescent (Volunteer)

06/2023 – 05/2024

Tunis,Tunisia

- Supported the IT department in maintaining and developing internal web tools.
- Implemented front-end features and ensured accessibility and responsive layouts.

Full-Stack Developer, E-tafakna

03/2023 – 08/2023

Ariana,Tunisia

- Designed and implemented an animated React admin dashboard (Chart.js, Nivo, MUI).
- Built CRUD functionality using Node.js, Express, and SQL.
- Collaborated with designers and backend teams to improve UI consistency.

 Projects

Beauty Management Platform, Technologies : Next.js (Admin-Dashboard), React Native (Mobile App)

Development of a beauty management platform with appointment and customer management features. Frontend implementation using Next.js (admin dashboard) and React Native (mobile app). Focus on performance, user-friendliness, and responsive design.

All project details and the business model can be found in the live web presentation.

Projects:<https://glowup-beauty-app-showcase.netlify.app/> 

MhTravel, Technologies:Next.js, React, Node.js, Express.js, MySQL

Development of a responsive travel platform using Next.js and React. Implementation of dynamic content, booking functions, and integration of a backend based on Node.js, Express.js, and MySQL. The backend code is not publicly available due to confidentiality agreements with the client.

 Skills

Frontend

React, Next.js, React Native, TypeScript, JavaScript (ES6+), HTML5, CSS3

Databases — Proficient

PostgreSQL, MySQL, SQL, MongoDB

UI Frameworks

MUI (Material UI), Tailwind CSS, Bootstrap, Ant Design

Methods

Agile/Scrum, code reviews, component-based architecture

Backend

Node.js, Express.js, REST APIs, Microservices

Testing

Mocha, Jasmine, React Testing Library, Artillery

DevOps & Tools

Git, GitHub, GitLab, GitHub Actions, CI/CD, Cursor AI, LLMs, Claude

 Languages

English

C1

German

C1

French

B2

Education

German C1 Certificate, Language School, <i>sprachschule aktiv essen</i>	04/2026 Essen,Germany
Full Stack Devloper, <i>RBK</i> Covered algorithms, programming logic, and database management.	01/2023 Tunis,Tunisia

Courses

Generative AI	2026
Mastering TypeScript	2025
The Ultimate MySQL	2025
The Modern React Bootcamp (Hooks, Context, NextJS, Router)	2025
React Native - The Practical Guide	2024
React -the Practical guide	2024
JavaScript Algorithms and Data Structures Masterclass	2023
